Remember me

As it's your first time logging on to the platform, you will be required to set some security settings.

STEP 1: Register your mobile phone number to activate the "2 STEP LOGIN" security feature.

INCREASED SECURITY
Achieved by using your phone for an SMS verification or a TOTP-compliant authentication software

First method: SMS
 Phone number:
(I have this number if you are sure it is valid)

Second method: Install a TOTP-compliant authentication software (Google Authenticator, ProtonOTP, 1 from your App Store and scan the QR code)
 Can't scan the code? To add the entry manually, provide the following details to the TOTP-compliant authentication software on your phone:
 Title: Traffic Factory
 Key: X3VC 963 RH 1XZ5
 Time based: YES

TOTP-compliant authentication:

Scan the QR code with your app. Traffic Factory will show in your app. Click confirm and then enter the code from your app into Traffic Factory. Click "Confirm".

SMS Verification: Fill in the field with the code received by **SMS** and click on "**Confirm**".

STEP 2: Define your username

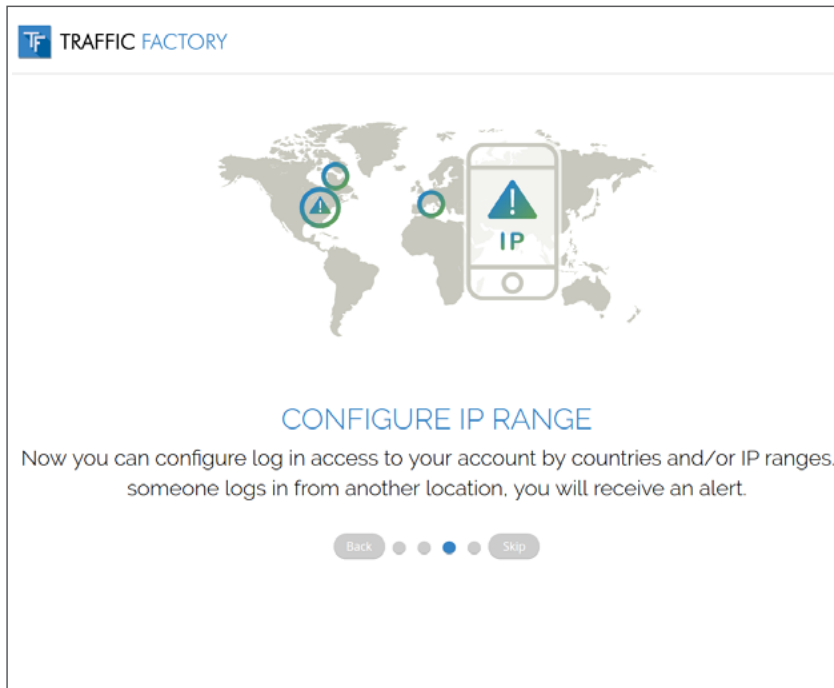

MANAGE ACCOUNT
Create user accounts under the main account for enhanced campaign management and account security.
Set your account's administrative username:

MANAGE ACCOUNT
Create user accounts under the main account for enhanced campaign management and account security.
Set your account's administrative username:

Please confirm your administrative username

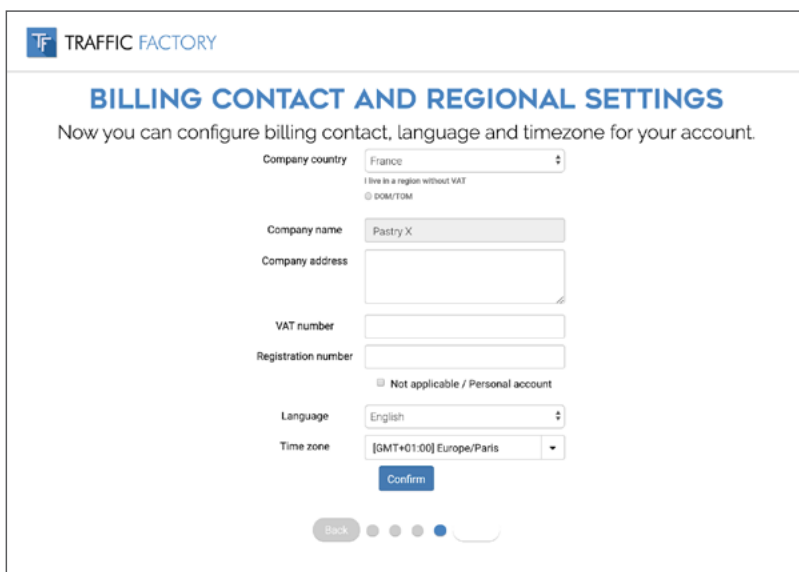

STEP 3: Configure IP RANGE

This is just an informational page. You will be able to manage these settings once you have logged into your account. Click on „skip“ to proceed to the next step.

The screenshot shows the 'CONFIGURE IP RANGE' page. At the top left is the 'TRAFFIC FACTORY' logo. Below it is a world map with a smartphone icon in the center displaying a warning sign and the letters 'IP'. The text 'CONFIGURE IP RANGE' is centered below the map. Underneath, there is a paragraph: 'Now you can configure log in access to your account by countries and/or IP ranges. someone logs in from another location. you will receive an alert.' At the bottom, there are two buttons: 'Back' and 'Skip', with a progress indicator showing the current step is active.

STEP 4: Fill in your contact & billing information, and "Confirm"

The screenshot shows the 'BILLING CONTACT AND REGIONAL SETTINGS' page. At the top left is the 'TRAFFIC FACTORY' logo. Below it is the title 'BILLING CONTACT AND REGIONAL SETTINGS' and a sub-header: 'Now you can configure billing contact, language and timezone for your account.' The form contains the following fields: 'Company country' (dropdown menu set to 'France'), 'Company name' (text input field with 'Pastry X'), 'Company address' (text input field), 'VAT number' (text input field), 'Registration number' (text input field), 'Language' (dropdown menu set to 'English'), and 'Time zone' (dropdown menu set to '[GMT+01:00] Europe/Paris'). There is a checkbox labeled 'Not applicable / Personal account' which is currently unchecked. A 'Confirm' button is located at the bottom of the form. At the very bottom, there are 'Back' and 'Skip' buttons with a progress indicator.

If you are not based in Europe, check "**Not applicable / Personal account**" for VAT number.

If you don't have a registration number, check "**Not applicable / Personal account**".

→ MAKE SURE THAT YOUR **COMPANY NAME/ PERSONAL NAME** REGISTERED ON OUR PLATFORM MATCHES YOUR PAYMENT INFORMATION, OTHERWISE YOUR PAYMENT WILL BE REJECTED.

→ FROM 04/01/2018, INVOICES SENT TO EUROPEAN CUSTOMERS WITHOUT A VALID VAT NUMBER WILL BE ISSUED WITH THE STANDARD VAT RATE OF THE CUSTOMER'S COUNTRY.

CONGRATULATIONS
